2 SERVICES PROVIDED BY REDSPHER

2.2 Any commitment or operations of any nature whatsoever with Redspher shall constitute acceptance, without any reservations, by Shipper of the terms and conditions set forth hereunder.

2.3 Whatever the transportation method used, this General Conditions shall govern relations between the Shipper and Redspher. Redspher shall perform the Services requested in line with the terms and conditions set forth in this General Conditions. No special condition or other general conditions issued by the Shipper may, notwithstanding formal acceptance by Redspher, prevail over the present General Conditions.

3 ORDER PROCESS

3.1 All requests for Services will be submitted electronically by the Shipper via the Shipper Portal (or any similar tool Redspher may decide to use).

3.2 Following its request for Services, the Shipper will be communicated one or several offers for Services, via the Shipper Portal.

3.3 A valid Order Confirmation will be issued as soon as Shipper validates and accepts one of the offers for Services.

4 PRICE OF SERVICES

4.1 Prices for the Services shall be provided to the Shipper upon request for each order of Services. Prices are binding on Shipper upon acceptance of each offer for Services from Redspher.

4.2 Prices are calculated on the basis of information provided by the Shipper, taking into account notably the Services to be performed, the nature, weight and volume of merchandise to be transported and the itineraries to be covered. Quotations shall be issued in line with the currency rates in force at the time of issue. They shall additionally be issued in line with the price conditions and payment terms for replacements as well as in line with legislation, regulations and international conventions in force. In such instance, as one or more of these basic elements should be amended following the issue of a quotation, including by the replacements of Redspher, and enforceable on the latter, and the proof provided by the latter, the prices issued initially shall be amended in line with the same terms and conditions. This shall additionally be the case in the event of any unexpected incident, notably leading to the modification to any elements of the Service. Inter alia, this shall concern the price of fuel for which the variation should be taken into account.

4.3 The prices do not include duties, taxes, fees or any other amounts due pursuant to any regulations, notably customs and fiscal regulations (such as excise, entry fees, etc.).

5 INSURANCE

5.1 Redspher represents that it has taken out an insurance covering its liability under the present General Conditions.

5.2 Upon request of the Shipper, Redspher may subscribe to an additional insurance which will cover the transported merchandise ("ad valorem"). No such insurance is subscribed by Redspher without a written order, as reiterated by the Shipper for each Dispatch, indicating the risks to be covered and values to be guaranteed. In such instance, as an order is issued, Redspher, acting on behalf of the Shipper, shall take out an insurance policy with a leading and solvent insurer at the time of cover. Failing any precise specification, only ordinary risks (excluding the risk of war and strike action) shall be covered. The price of the insurance policy shall be paid by the Shipper. Acting in this precise instance as a representative of the Shipper, Redspher may not be considered as an insurer under any circumstances whatsoever. The terms of the policy shall be deemed as known and approved by the shippers and recipients. A certificate of insurance shall be obtained from the insurer and provided to the Shipper, if requested.

6 PERFORMANCE OF SERVICES

The departure and arrival dates which may be notified by Redspher are indicative. Shipper shall be bound to issue all necessary instructions to Redspher within a

reasonable time, for performance of the Services. Redspher shall not be bound to inspect documents (commercial invoice, packing note, etc.) provided by the Shipper. All specific instructions for delivery (against reimbursement, etc.) should be indicated in writing and reiterated for each issue and with the express acceptance of Redspher. In all instances, such a mandate shall be ancillary to the main Services.

7 OBLIGATIONS OF THE SHIPPER

7.1 Packaging and labelling

7.1.1 Packaging. Shipper will ensure that the merchandise is packaged, labelled, marked or countermarked so as to withstand transportation and/or storage under normal conditions, as well as the successive handling operations which are required for the due and proper performance of the Services. Merchandise shall not constitute any cause for danger for staff or for handling operations, the environment, the safety of transportation devices, other transported merchandise or stored goods, vehicles or third parties.

7.1.2 Labelling. On each package, object or load bearing mechanism, clear labelling should be provided to allow for immediate and unequivocal identification of the shipper, the recipient, the place of delivery and nature of merchandise. The indications on labelling should match those appearing on the shipping documents.

7.1.3 Liability. The Shipper shall be liable for all consequences of any absence, insufficiency, or defective nature of packaging, labelling, marking or other.

7.2 Compulsory declarations

7.2.1 The Shipper shall be liable for all consequences due to any default in the obligation of information and compulsory declarations as to the precise nature and specificity of the merchandise when the latter has special provisions, notably in light of its value and/or the appeal which it is likely to raise, its hazardous or fragile nature. Moreover, the Shipper hereby undertakes not to entrust to Redspher any illegal or prohibited merchandise (for instance counterfeit produce, narcotics, etc.).

7.2.2 The Shipper alone shall bear the consequences, whatever they may be, resulting from incorrect, incomplete, inapplicable declarations or documents, or those made late, including information required for the transfer of any summary declaration required by customs, notably for the transportation of merchandise from third countries.

7.3 Reservations. In the event of loss, incident or any other damage occasioned on merchandise, or in the event of any delay, recipient or the receiving party shall make all regularly and sufficient observations, make motivated reservations, and more widely undertake all

actions required for compensation and to confirm said reservations in the form and deadline set forth by the Geneva Convention for the International Carriage of Goods by Road (CMR).

7.4 Refusal or default of the recipient

In the event of any refusal of merchandise by the recipient, and in the event of default by the latter at the time of the delivery of the transported merchandise, whatever the reason, all initial and additional costs due and incurred for the merchandise shall remain payable by the Shipper.

7.5 Customs formalities

7.5.1 If customs operations are necessary, Shipper shall guarantee and hold harmless Redspher, in his capacity as customs agent against all financial consequences resulting from incorrect instructions, inapplicable documents or other, leading to the payment of fees and/or additional taxes or fines.

7.5.2 In the event of customs clearance for merchandise under a preferential regime concluded or granted by the European Union, the Shipper hereby guarantees to have undertaken all due diligence by virtue of the provisions set forth under the Regulation (EU) no. 952/2013 of the European Parliament and of the Council of 9 October 2013 laying down the Union Customs Code (UCC), and as amended and corrected by the Delegated Regulation (EU) 2018/1063 of 16 May 2018 amending and correcting Delegated Regulation (EU) 2015/2446 of 28 July 2015 supplementing Regulation (EU) No 952/2013, aimed at ensuring that all conditions for processing the preferential regime have been duly and properly respected.

7.5.3 Shipper should, at the request of Redspher, provide within the required deadline, all information claimed by the relevant customs agent or customs regulations. Shipper shall be liable for all damages caused as a result of failure to timely provide such information.

7.5.4 Rules governing quality and/or technical standards for merchandise fall under the sole liability of the Shipper who is solely responsible for providing Redspher with all documents (tests, certificates, etc.) required by regulations for circulation. Redspher may not be held liable for any non-compliance of merchandise with said rules governing quality or technical standards.

7.5.5 The approved customs agent shall undertake customs clearance operations under direct representation pursuant to article 18 of the Union Customs Code.

8 DIGITAL EXCHANGE OF DATA

Where applicable, the Parties may agree to use the Shipper's digital exchange of data system for the following purposes:

- (i) for the Shipper: placing urgent orders,
- (ii) for Redspher: invoicing the Shipper, and
- (iii) any other purposes expressly agreed by the Parties.

In such a case, the Parties acknowledge that the use of such system for any other purpose is excluded.

Redspher will connect to the Shipper's system after receiving the necessary information from the Shipper. The Shipper will provide Redspher with all assistance required to ensure the correct connection to its system.

When using such system to place an order, the Shipper undertakes to provide all information requested by Redspher and to comply with any Redspher guidelines about placing an order through such systems. Redspher will not be responsible for issues with the fulfilment of any order with missing, incomplete, or contradictory information. Information contained in the order sent via such systems will be the prevailing proof of the Shipper's will. Third parties can provide the digital exchange of data system to the Shipper or manage or use the Shipper's digital exchange of data system on behalf of the Shipper. The Shipper remains responsible for such third parties and their compliance with this Agreement.

The Parties acknowledge that digital exchange of data systems are subject to failures and errors in operation and transmission, which neither Party can be held responsible for. The Party sending data through such system must take reasonable steps to ensure the correct reception of such data by the other Party.

9 LIABILITY

9.1 Redspher liability

Redspher shall be liable as set forth below from the time a shipment is picked up from the Shipper until it is delivered to the designated recipient:

- For the road portion: (i) for international shipments, in accordance with the CMR Convention for the international carriage of freight by road and (ii) for domestic shipments within a country, in accordance with applicable mandatory provisions; if no mandatory provisions apply, then in accordance with the CMR Convention, by deeming the shipment to have moved in international traffic.;
- For the rail portion: in accordance with the CIM Uniform Rules Concerning the Contract of International Carriage of Goods by Rail;

- For the sea portion: in accordance with The Hague-Visby Rules for the international carriage of freight by sea.

In addition, for any non-localized damage that cannot be linked to any portion of the shipment, Redspher's liability shall be governed by the CMR Convention.

Finally, the Parties intend to be bound by the above mentioned international conventions, irrespective of their signature and/or ratification by the countries where Redspher and the Shipper have their registered office.

9.2 Quotations

All quotations issued, all ad hoc prices provided, as well as general prices of Redspher are established and/or published by taking due account of the limitations of liability indicated hereinabove (Article 9.1).

9.3 Declaration of value or insurance

Upon payment of an agreed supplement and prior to the acceptance of an offer for Services, the Shipper can specify a value for an increased liability that differs from the maximum amounts stipulated in Article 9.1. In this case, the specified value replaces the relevant maximum amount. The Shipper may additionally issue instructions to Redspher, pursuant to Article 5 (Insurance), to subscribe on its behalf an insurance policy, in return for payment of the corresponding premium, by indicating the risks to be covered as well as the values for cover. Instructions (declaration of value or insurance) should be renewed for each Dispatch.

9.4 Special interest for delivery

Shipper may specify a special interest declaration for delivery which, once accepted by Redspher, shall lead to replacement of the aforementioned indicated ceilings for compensation (Article 9.1) by the total amount of this declaration. This declaration shall lead to a price supplement. Instructions should be renewed for each operation.

10 SUB-CONTRACTING

As freight forwarder, Redspher shall have the right to subcontract all or part of the Services being provided to Shipper and without any prior authorization of the Shipper. In such case, Redspher shall ensure that each of its suppliers is aware of Redspher's contractual obligations, as stated in these General Conditions and shall be responsible towards the Shipper for compliance with such obligations.

For special transportation (transportation in tankers, transport of indivisible objects, perishable merchandise under controlled temperature, transportation of live animals, transportation of vehicles, transportation of

merchandise subject to special regulations, notably transportation of hazardous goods, etc.) Redspher shall provide the shipper with adequate material and equipment in line with the terms and conditions previously defined by the Shipper.

12 PAYMENT TERMS

12.1 Payment should be made for the Services in full within thirty (30) days from the date of the invoice issued by Redspher.

12.2 Shipper may not offset amounts for claimed damages from the price of the Services, unless otherwise agreed in writing by Redspher.

12.3 Any payment delay shall lead to the application of late payment interest for an amount equivalent to the interest rate applied by the European Central Bank (ECB) in its most recent publication, increased by 10 percentage points and fixed, as well as a request for recovery fees in the amount of forty euros (€40). Additionally, a compensation equal to fifteen percent (15%) of the primary amount due shall be automatically payable following issuance of a payment notice remaining without remedy for ten (10) days, and this without compensation for prejudice in line with legal conditions, of any other damages resulting directly from this delay.

12.4 Any partial payment, as at the agreed due date, shall as a priority be offset against the unsecured part of liabilities.

13 CONTRACTUAL RIGHT OF LIEN

Regardless of the capacity in which Redspher is acting, Shipper hereby acknowledges Redspher's conventional right of retention, enforceable against all parties, and a conventional contractual possessory lien over all goods, values and documents in Redspher's possession, in order to guarantee any debt (invoices, interests, incurred expenses, etc.) Redspher holds against the Shipper, including those prior to, or other than those concerning operations related to the goods, values and documents that Redspher effectively holds

14 STATUTE OF LIMITATIONS

All claims arising from Contracts entered into by the Parties shall be time barred after one year running from the performance of the disputed Service. The time limitation also applies to claims relating to duties and taxes collected afterwards, running as from the notice of adjustment.

15 TERMINATION

15.1 In the context of an established commercial relationship, each party may terminate the Contract at any time by registered letter with acknowledgement of receipt, subject to complying with the following notice periods:

- Two (2) months when the duration of the relationship is above six (6) months and equal to or less than one (1) year;
- Three (3) months when the duration of the relationship is above one (1) year and equal to or less than three (3) years;
- Four (4) months when the duration of the relationship is above three (3) years, to which one (1) week is added per full year of commercial relations, without exceeding a maximum period of six (6) months.

15.2 During the notice period, the parties hereby undertake to maintain the balance of the contract.

15.3 In the event of evidenced serious or repeated breaches by either party of its obligations, the other party shall send a formal notice by registered letter with acknowledgement of receipt. Where the notice remains unsuccessful within a one-month period, during which the parties may attempt to negotiate, the contract may be definitively terminated without notice or compensation by registered letter with acknowledgement of receipt acknowledging the failure of the negotiation attempt.

16 CONFIDENTIALITY AND PUBLICITY

16.1 Shipper undertakes not to make use of and not to divulge to third parties any facts, information, knowledge, documents or other matters communicated to him or brought to its attention during the performance of the Contract or any matter arising therefrom. It shall continue to be bound by this undertaking after the termination of the Contract for a duration of five (5) years.

16.2 Shipper shall never use any company or trade name, trademark or logo of Redspher in advertising, publicity or other promotional activities without the prior and written consent of Redspher.

17 FORCE MAJEURE

17.1 In no event shall Redspher be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, a Force Majeure event.

17.2 If any event of Force Majeure occurs, the contractual obligation of Redspher shall be suspended while the Force Majeure event subsists and the due date for performance thereof shall be automatically extended, without penalty, for a period of time equal to such suspension.

17.3 Redspher affected by the Force Majeure event shall promptly inform the Shipper in writing and shall furnish appropriate proof of the occurrence and duration of such Force Majeure event. In the event of a Force Majeure event, the Parties shall immediately consult with each other in order to find an equitable solution and shall use all reasonable efforts to minimize the consequences of such Force Majeure.

17.4 For the purpose of this General Conditions, "Force Majeure" means any event or occurrence which is outside the reasonable control of Redspher, and which is not attributable to any act or failure to take preventive action by Redspher (e.g., any act of God, landslide, washouts, lightning, earthquakes, fires, storms, floods, wars, insurrections, epidemics, pandemics, interruptions, etc.).

18 CANCELLATION – INVALIDITY

In such instance, as any of the provisions set forth under this General Conditions should be declared null and void, all other provisions shall remain in force, as detailed in Article 25 below.

19 DATA PROCESSING

24 NO AGENCY

The Parties hereby agree that nothing in this General Conditions shall operate to create an agency or partnership between them. Notwithstanding any provisions to the contrary in this General Conditions, none of the Parties shall have any authority or power to bind the other Party or to contract in the name of, or create any liability against, the other Party for any purpose.

unenforceable, the same shall not affect the other terms or provisions hereof or the whole of these General Conditions, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the Parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and General Conditions of the Parties in these General Conditions.
